CLIMACELL AT A GLANCE

Global leader in Microweather™ data

Blue-chip customers across multiple industries, \$77M in funding from strategic partners

100 employees, 3 offices - Boston MA, Boulder CO and Tel Aviv

TRUSTED BY:

INVESTORS:

PRESS:

**Weather
Forecasts Still
Suck.**

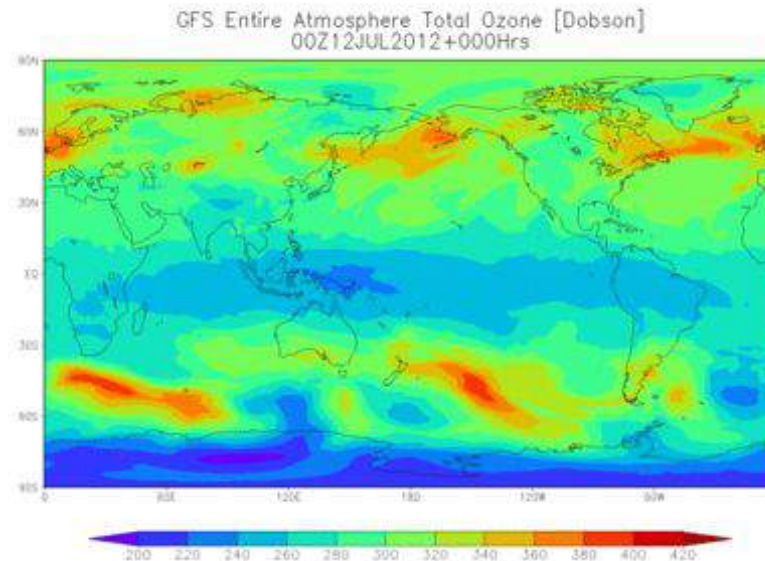

Why?

Observations are Sparse

NY: 8M people, 3 public weather stations

Models are Course

NWS Global Model - 28Km Resolution

Source: Integrated Surface Dataset, NOAA <https://data.nodc.noaa.gov/cgi-bin/iso?id=qov.noaa.ncdc:C00532>

483 dead in Kerala floods and landslides, losses more than annual plan outlay: Pinarayi Vijayan

“The weather issue is a very significant one, we don’t have anything at the level of granularity that you would need to operate.”

- Sean Cassidy, Director of Safety and Regulatory Affairs for Amazon’s drone unit

Rethinking Weather

For Us, Everything is a Weather Sensor

Microwave links in satellite networks

Sensor readings from commercial airplanes

Microwave links in cellular networks

Smart City Sensors and IoT Devices

Image recognition on road and city cameras for visual observations

Sensor readings from connected vehicles

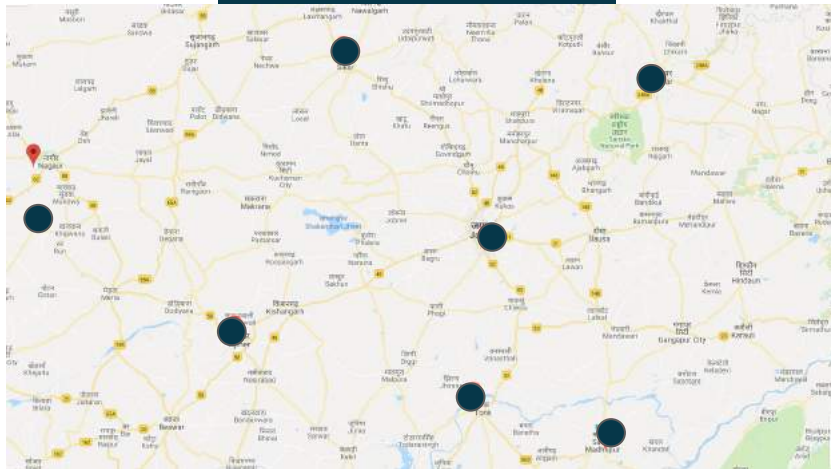

Sensor readings from mobile devices
