DAVIDE MARINI, FOUNDER AND CEO

PREVIOUSLY COFOUNDER AND CEO OF FIREFLY BIOWORKS. EXPERTISE IN NANOMATERIALS AND MICROFABRICATION. PHD FROM MIT.

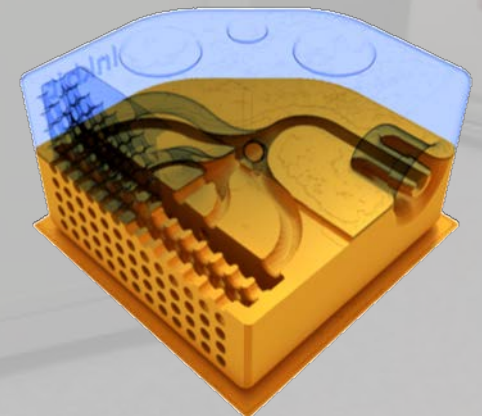

WOJCIECH MATUSIK, FOUNDER AND CTO

MIT PROFESSOR OF COMPUTER SCIENCE AND ARTIFICIAL INTELLIGENCE. FOUNDER OF MIT'S COMPUTATIONAL FABRICATION GROUP.

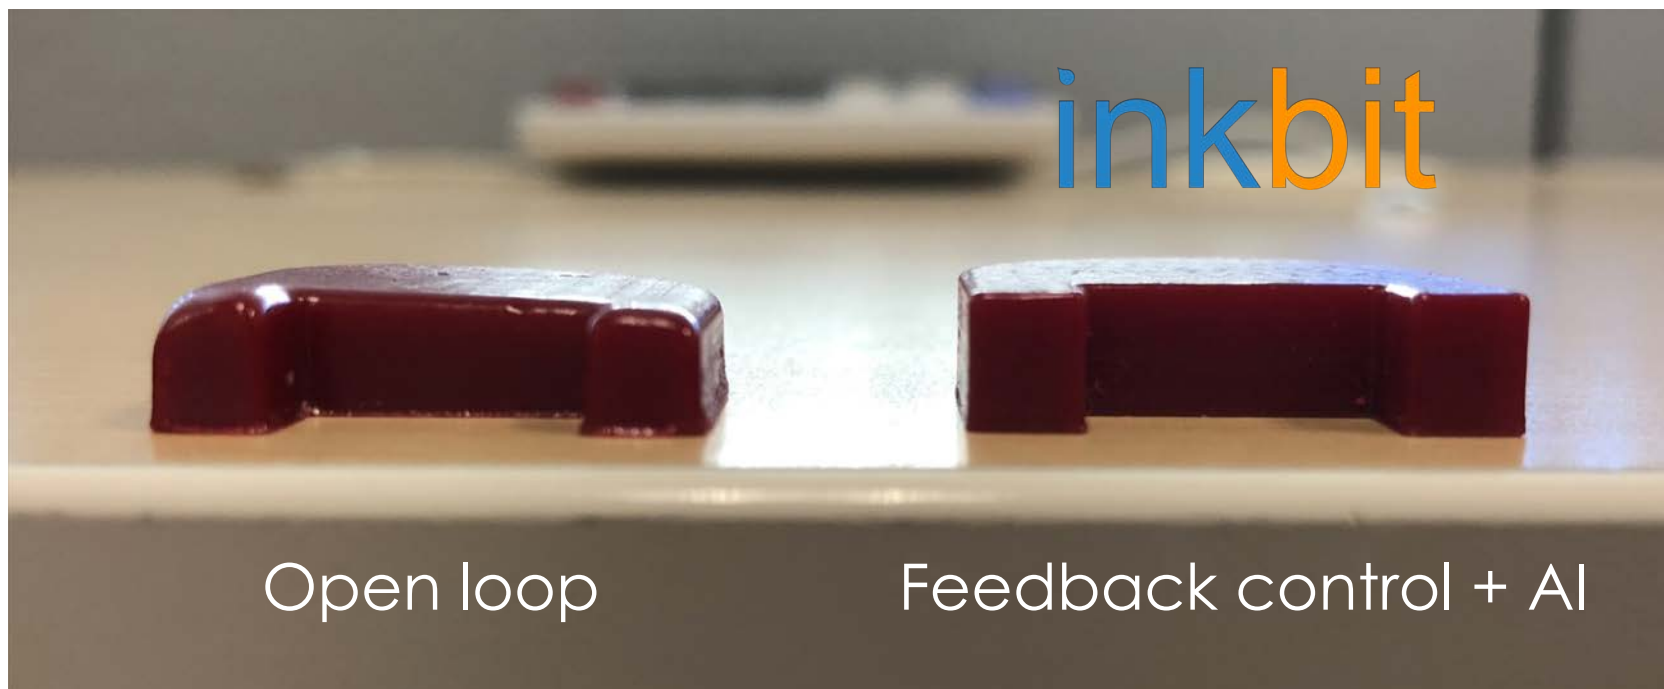

JAVIER RAMOS, FOUNDER AND DIRECTOR OF HARDWARE

LEADS THE DEVELOPMENT OF OUR PRINTER ARCHITECTURE. WORKED AT RETHINK ROBOTICS AND LEAF. BS AND MS FROM MIT.

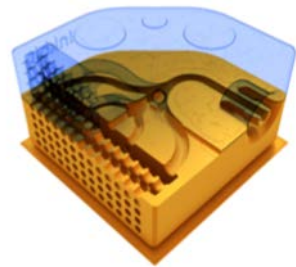

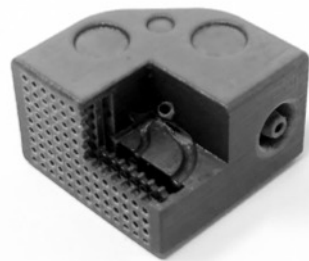

Our 3D printer **learns** from its mistakes

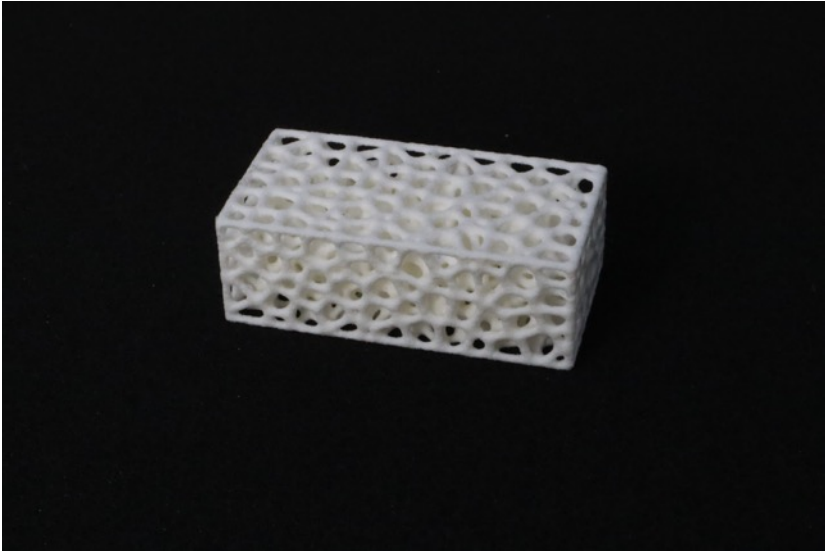

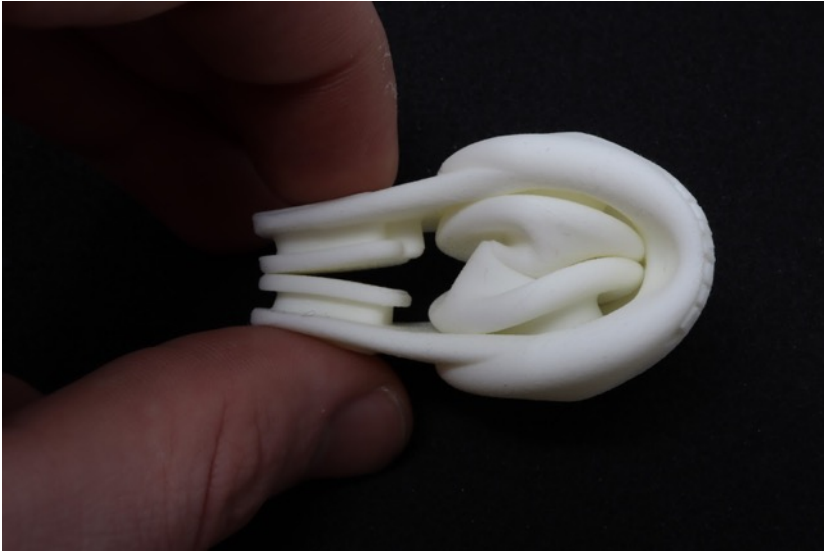

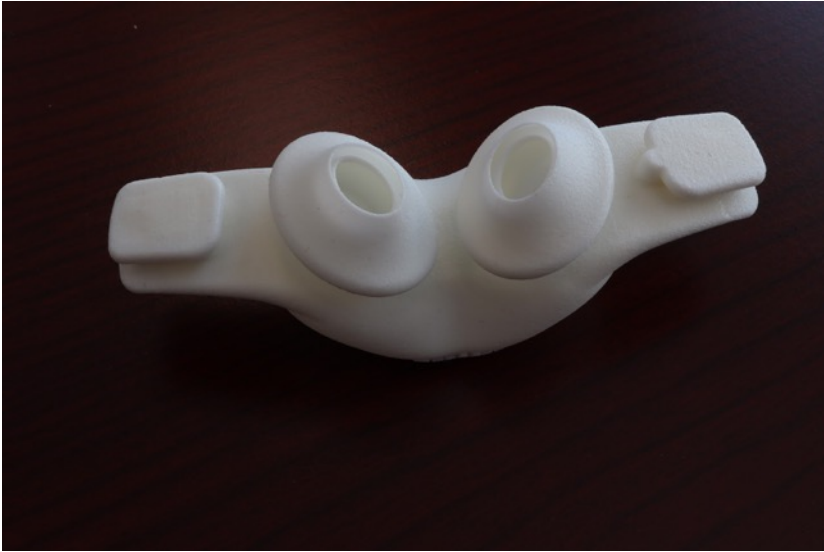

Our printer has **eyes** and **brains**

- Scans every layer and learns material behavior
- Real-time process verification and **digital record of every part**
- Multi-material, engineering grade resins
- Automated post-processing
- Developed in partnership with:

Johnson & Johnson

It prints with **precision** and **production-grade materials**

Let's partner on new products

Healthcare & Beauty

- Fine features
- Multi-material parts
- Biocompatible elastomers
- Personalization

Automotive and Aerospace

- Precision
- High-performance materials
- Volume production
- 100% quality control
